INSPIRATION & DISCOVERY

Striving for beauty and function to create places for genuine human experiences. Like art, a beautiful space has the power to transform the ordinary into the extraordinary, capture the ineffable soul of a place, turn mere rocks into loving stone.

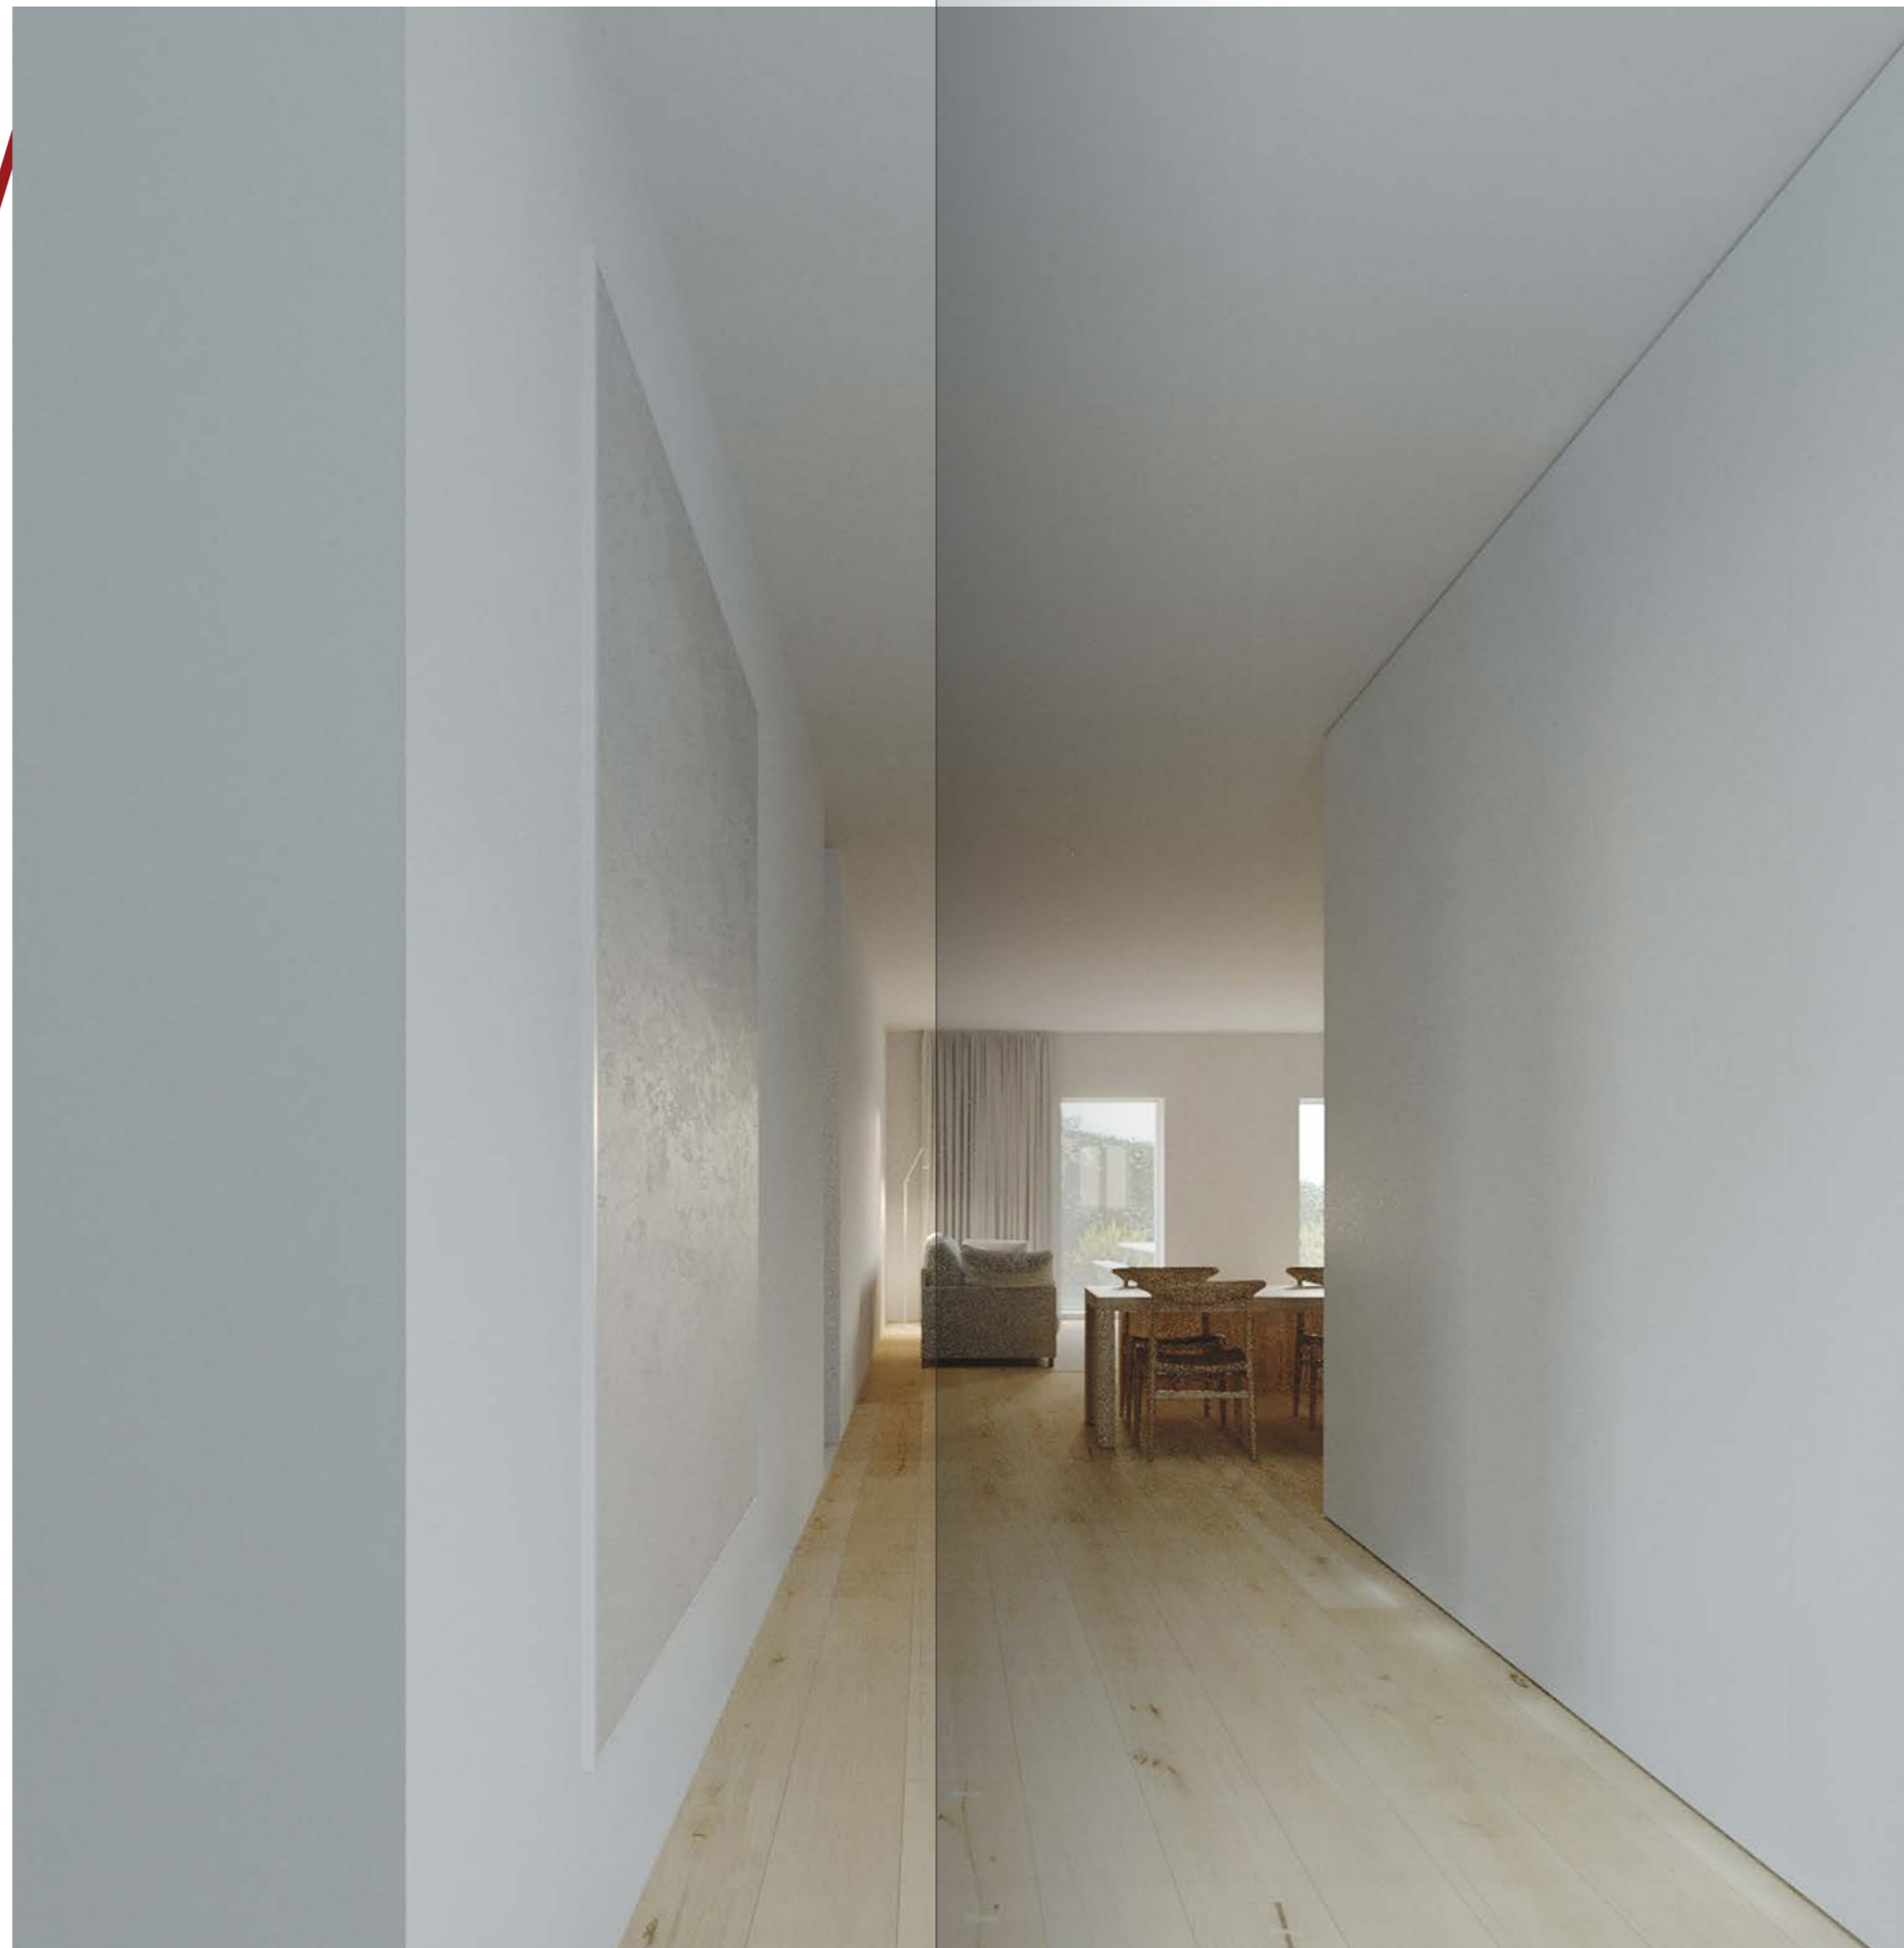

DESIGN MEETS HERITAGE BUILT FOR TOMORROW

CARMIM blends timeless architecture with contemporary living. A project where the elegance of Lisbon's past evolves into spaces designed for today's lifestyle.

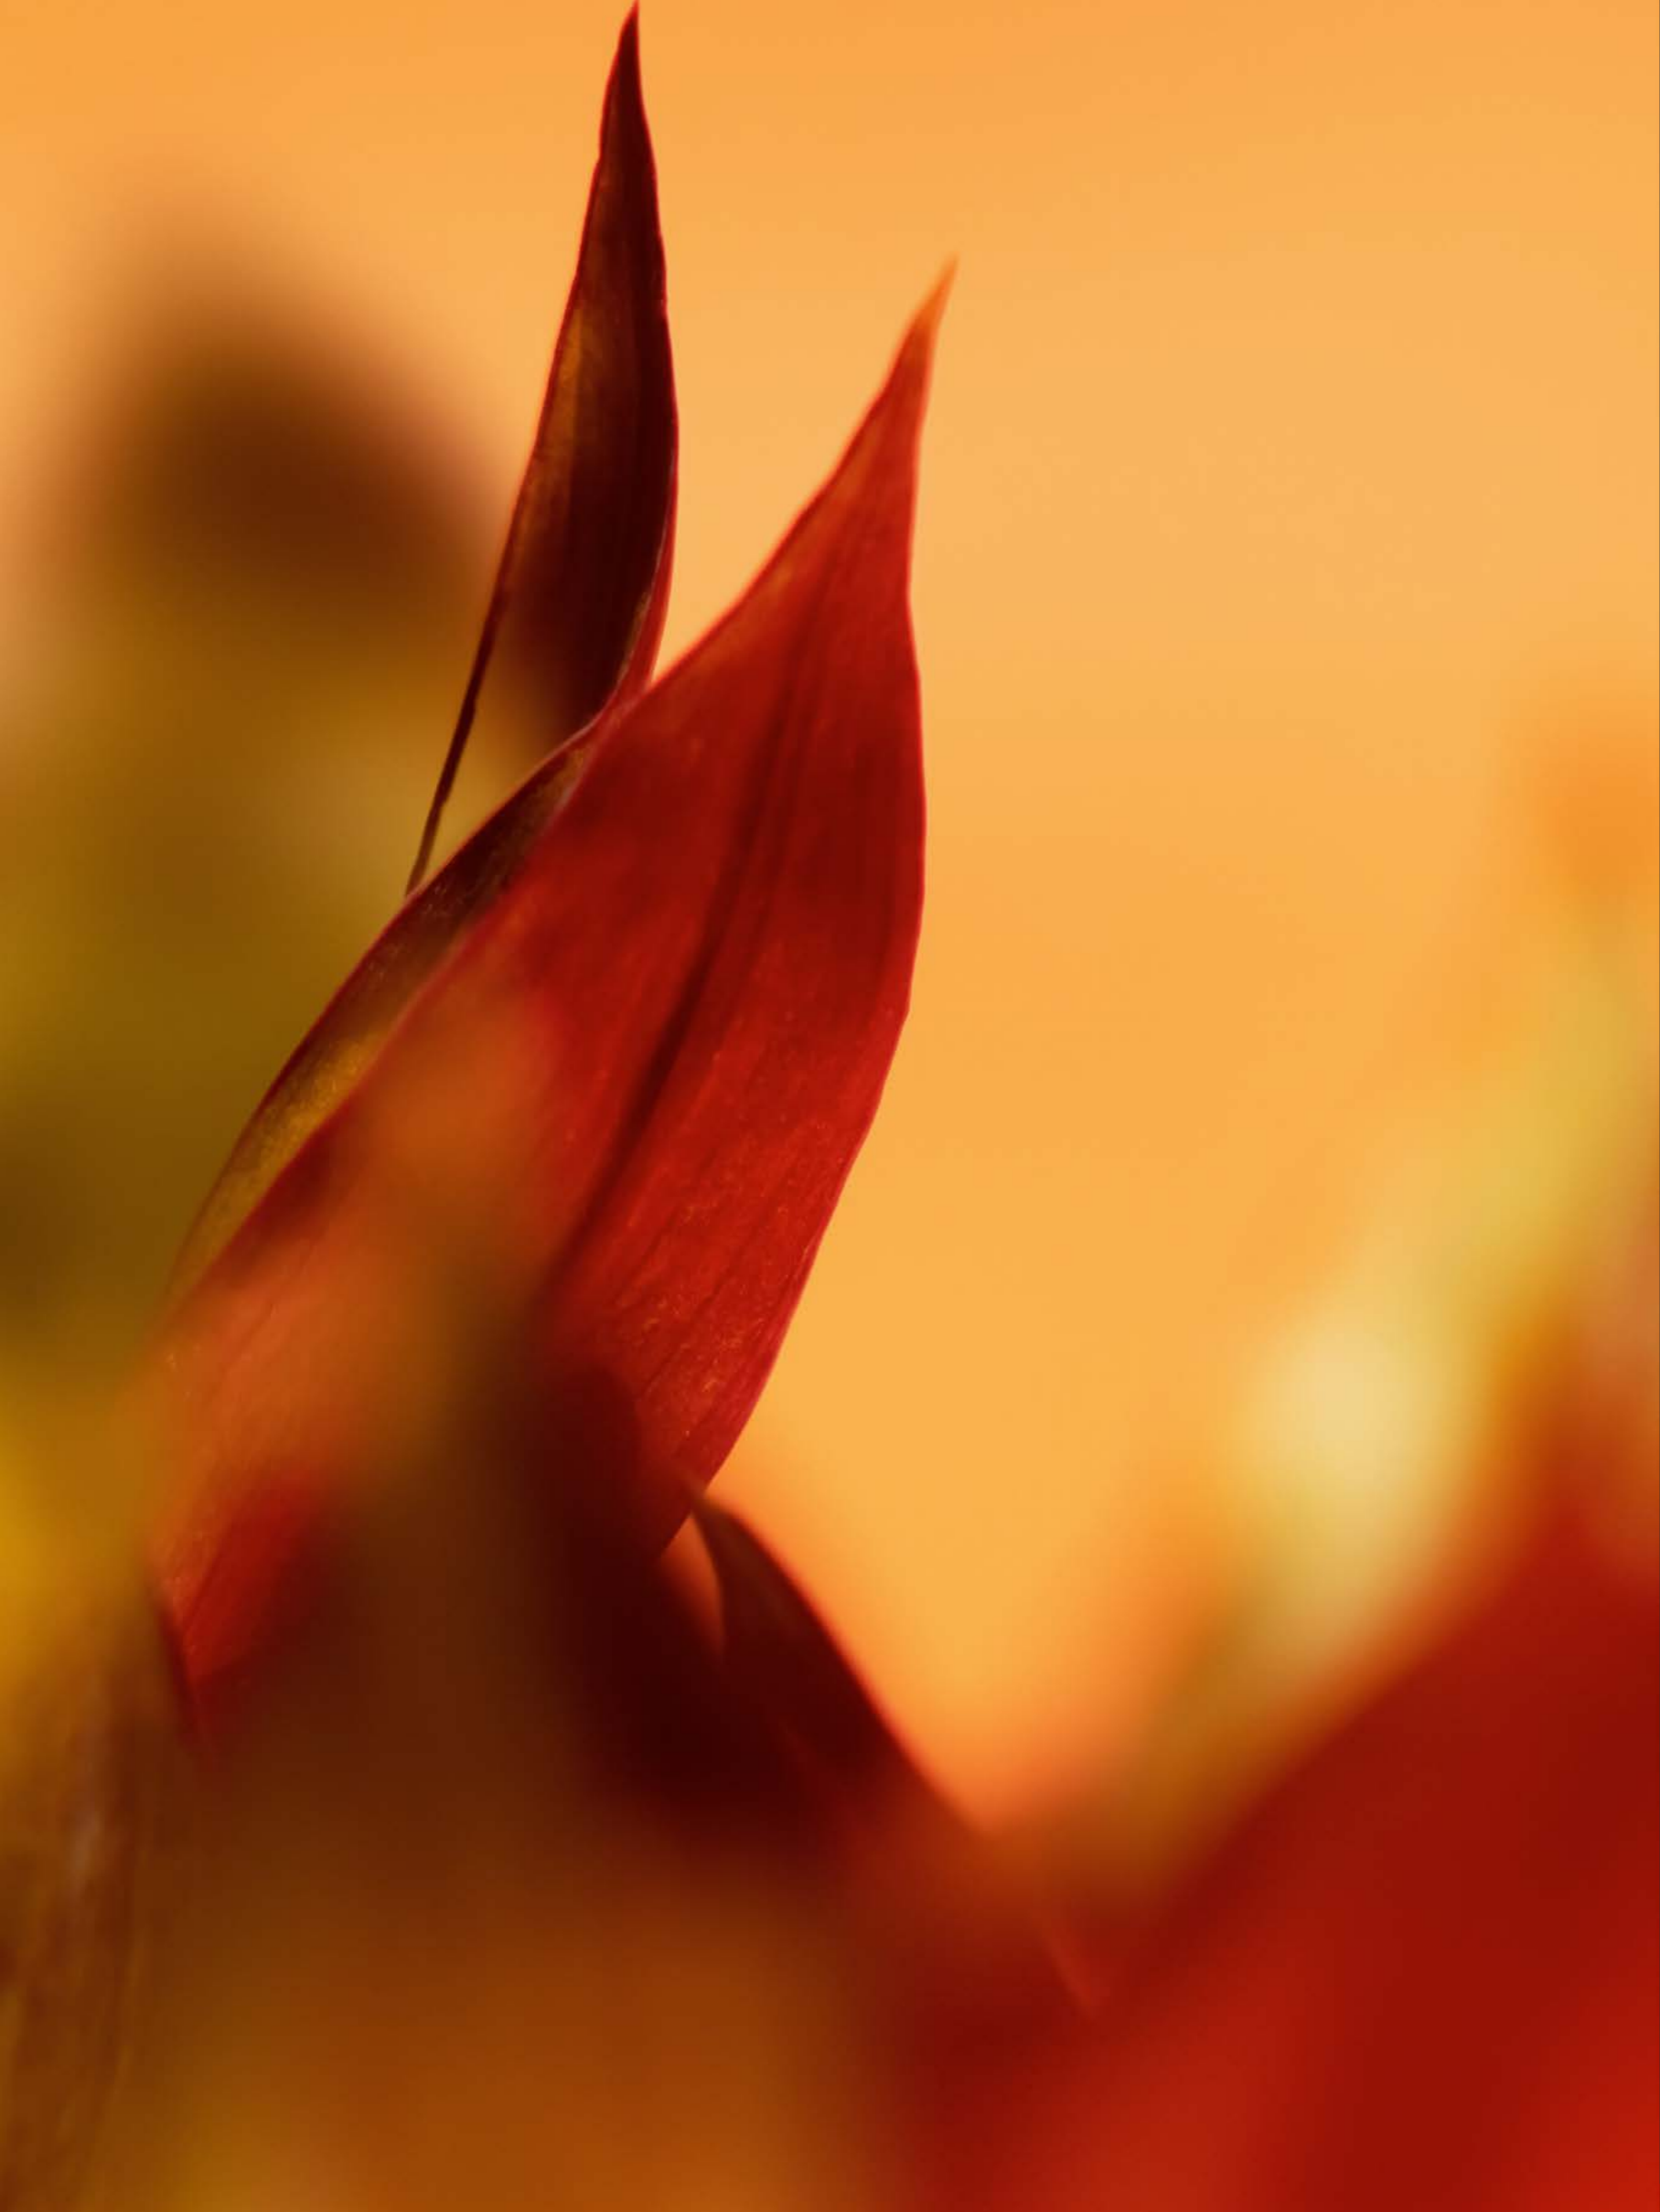

NEW

Five exclusive residences balance intimacy with elegance.

Low-rise houses and apartments, arranged around green courtyards, echo the charm of a small estate.

ERA

AIRES MATEUS

“Housing is always closer to us and remains the central body of our work.”

The work of Aires Mateus transcends architecture, becoming poetry in stone, light, and shadow. Known for radical minimalism, their spaces distill to pure essence, where silence holds presence and voids weigh as much as walls. Sculptural and monastic yet deeply human, their work reflects Portugal’s unique light. Each project balances intimacy with monumentality, tradition with modernity. By stripping away excess, Aires Mateus reveals the essence of place, creating environments both timeless and contemporary. This property is more than a home — it is a rare statement of vision, a gem shaped by masters of light and form.

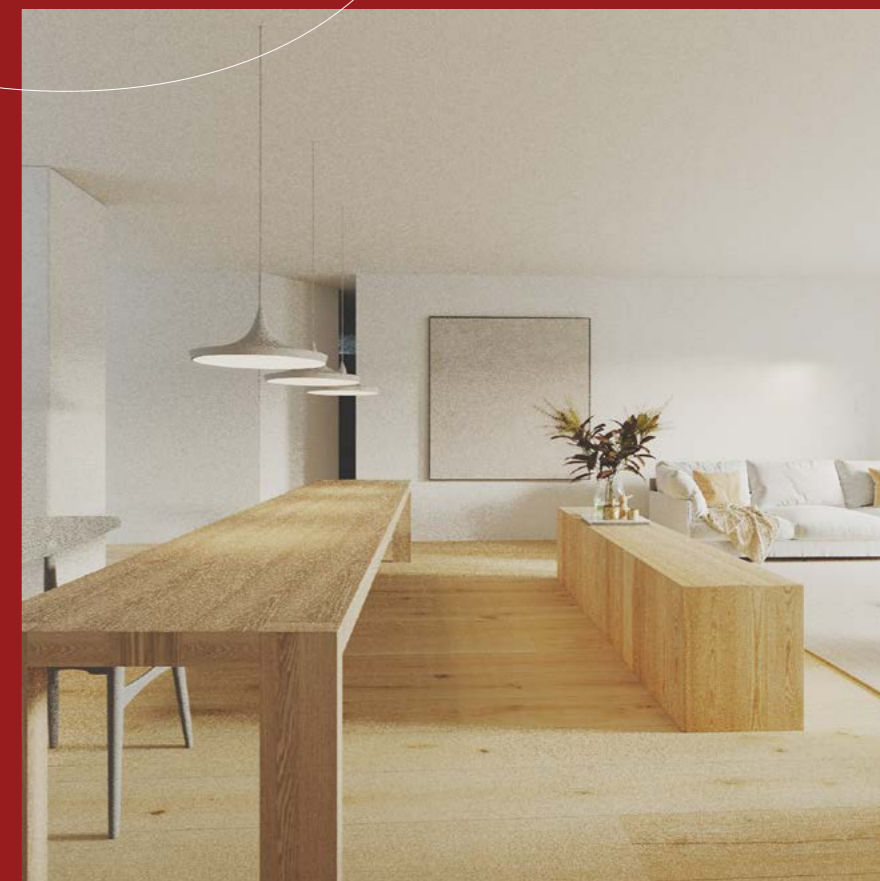

THE BEST OF

Historic details meet modern design. Interiors have been reworked with subtlety and imagination, expanding living areas while preserving privacy.

BOTH WORLDS

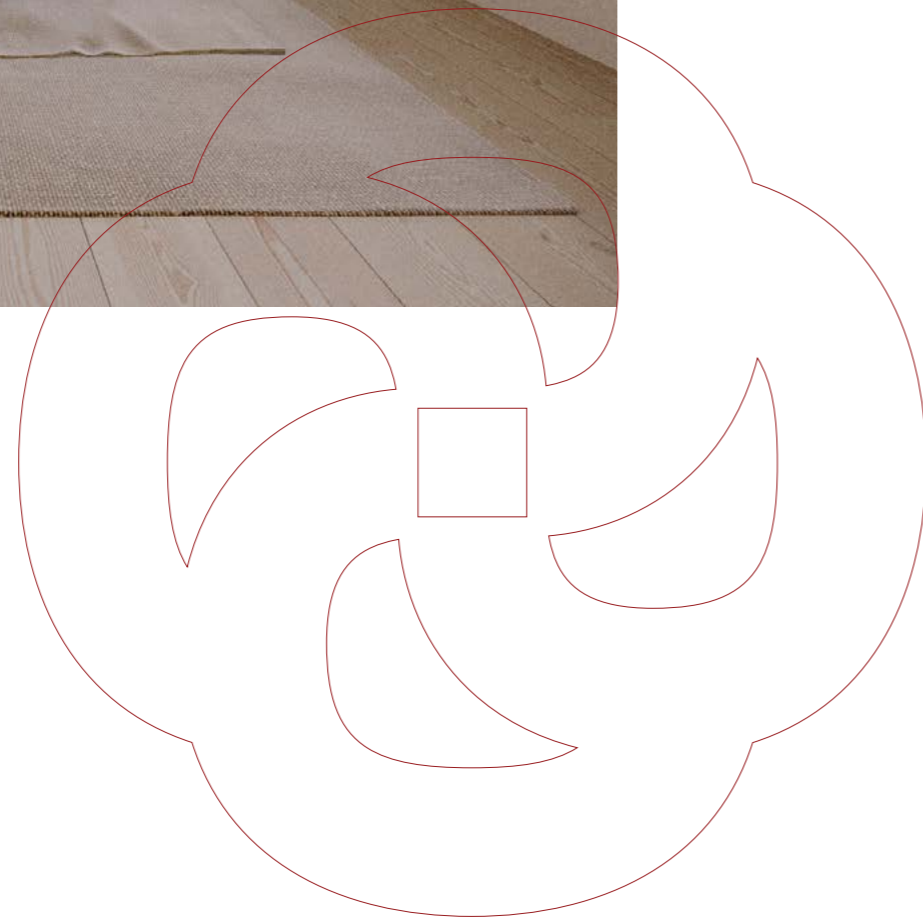

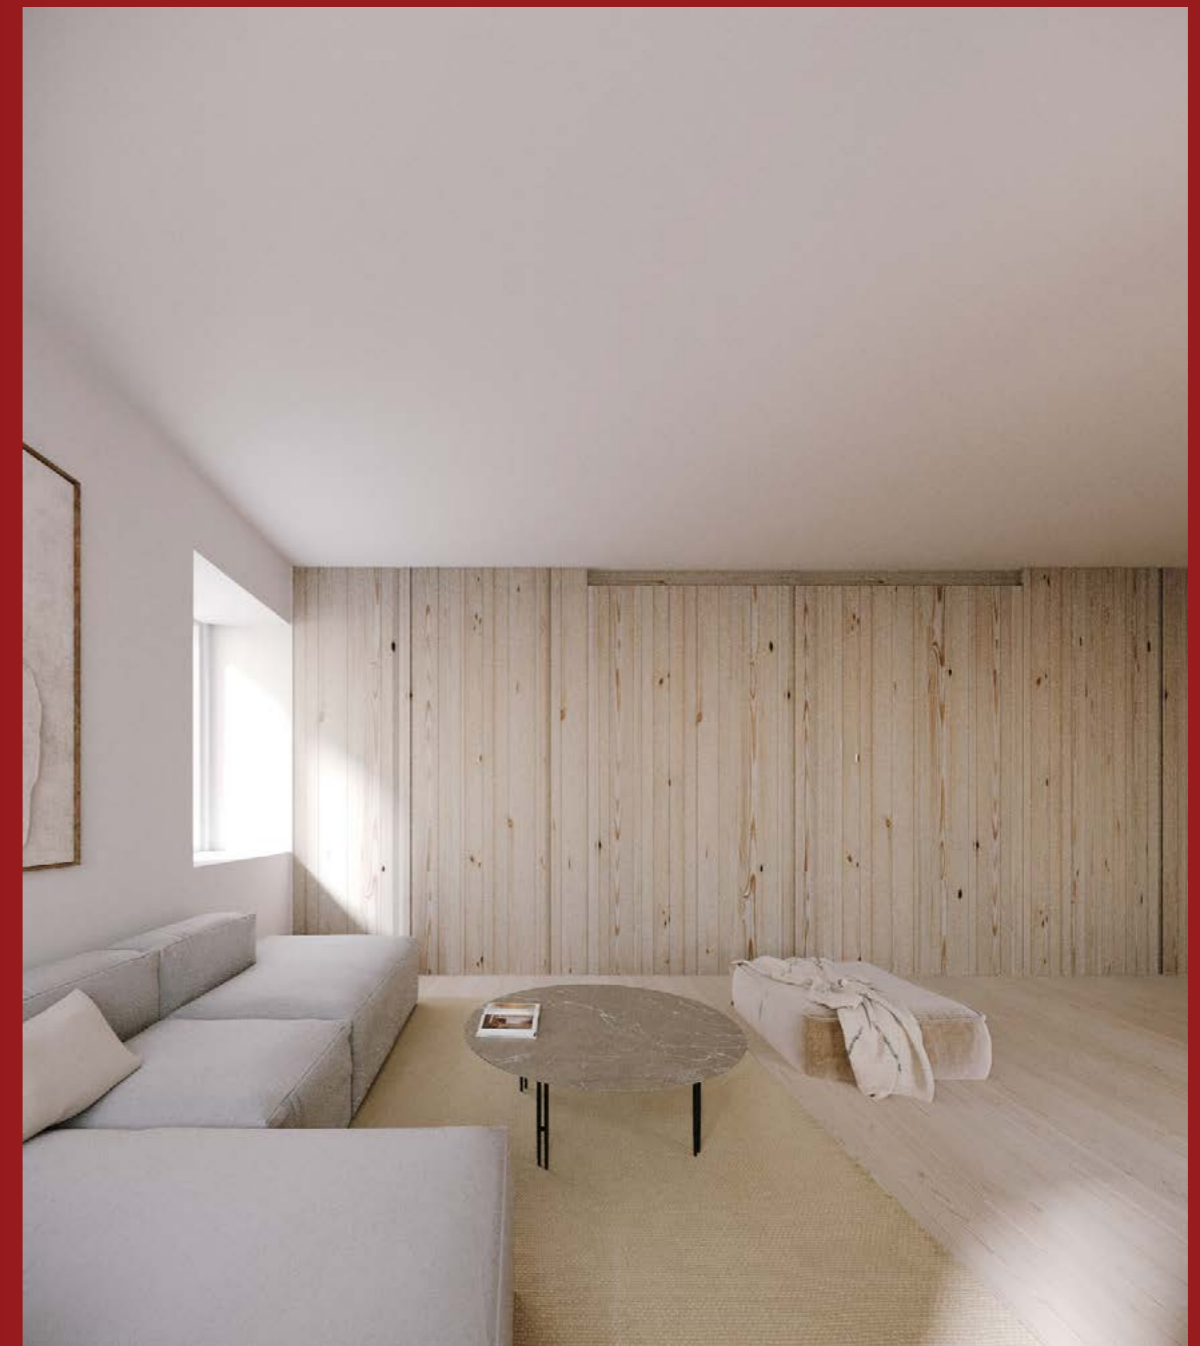

Two three-bedroom duplexes with en-suite bathrooms.

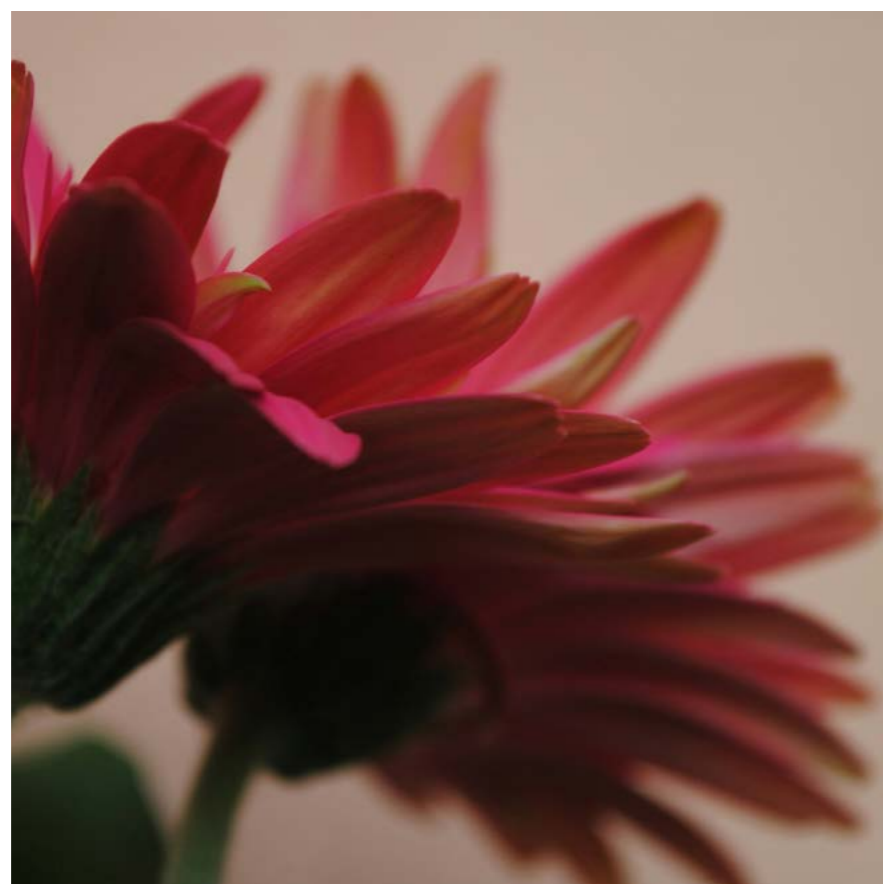

A designer one-bedroom house overlooking Palácio de Carnide.

Travessa do Cascão n.12

Carmim

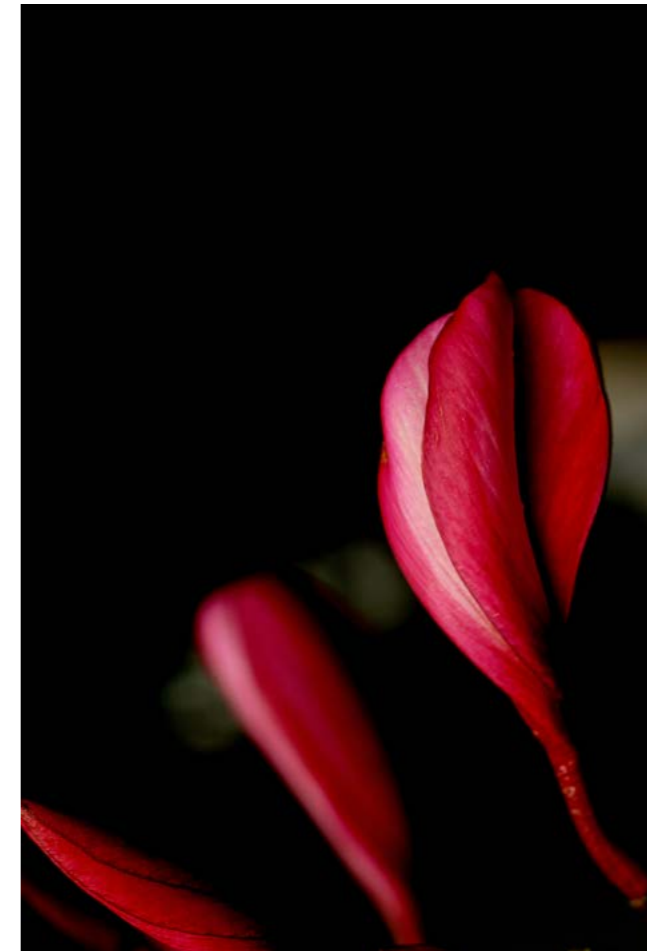

A two-bedroom single-storey house with private garden courtyards.

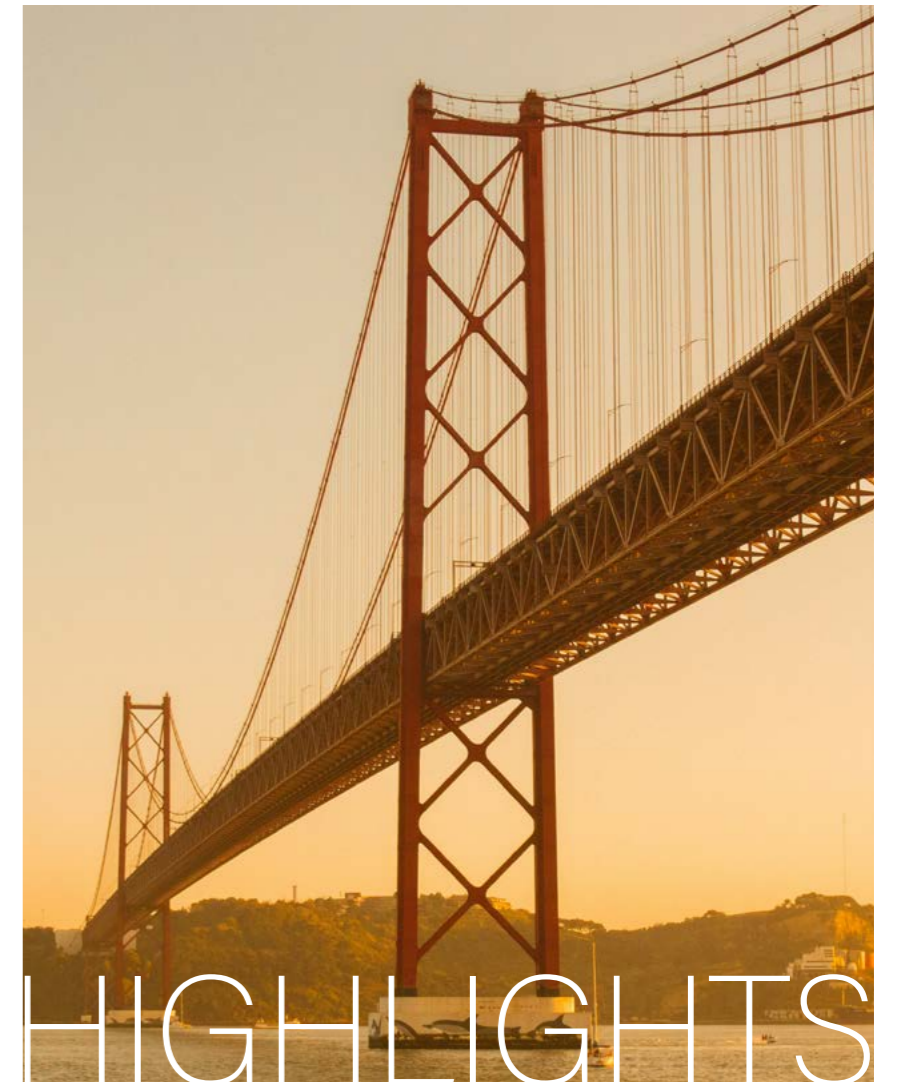

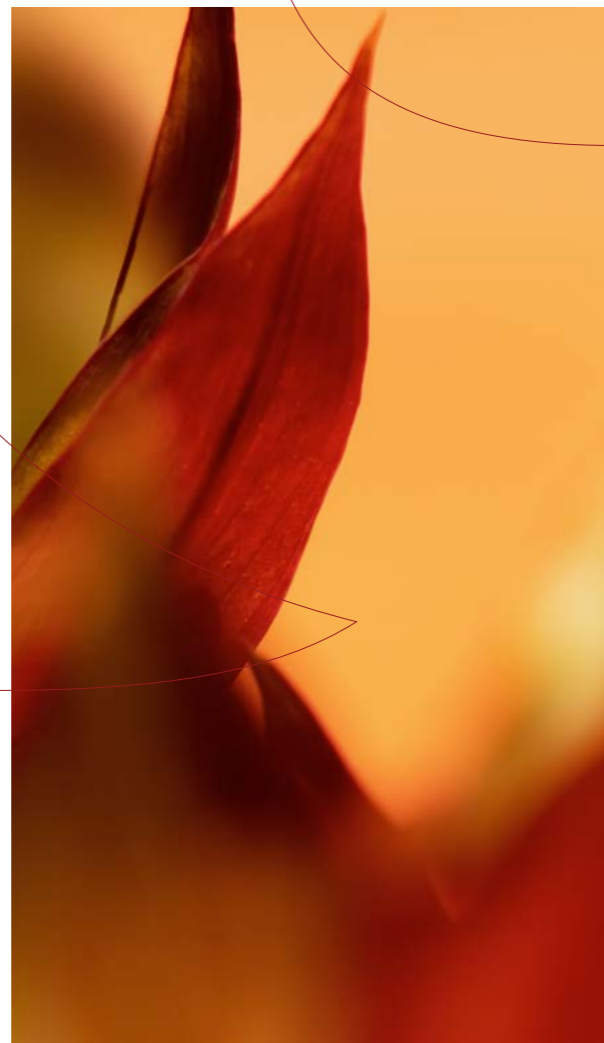

CAPTIVATING

From every window, the gardens invite us outdoors.
Silence gives way to the melody of nature.
